SUBJECT: ASBESTOS INSPECTION/MANAGEMENT PLAN

Dear Sir/Madam:

Federal Law now requires all schools to inspect their buildings for asbestos-containing materials and to develop management plans for those materials found.

Our school has completed this Inspection/Management Plan and has submitted a copy to the Ohio Department of Health for approval. The plan is currently in effect as submitted. If and when the Ohio Department of Health request changes, the revised plan will then apply.

The Asbestos Inspection/Management Plan is available for review, by appointment, during our regular business hours. If you have an interest in seeing this report, please contact the school office for an appointment. All appointment requests will be honored within five working days of their receipt. Copies of the Inspection/Management Plan will be made available, upon written request, for the cost of reproduction.

Please be assured that this study has been done in complete compliance with all the requirements of the law.

Sincerely,

Pastor
